**DETAILED ACTION*****Allowable Subject Matter***

1. Claims 1-20 are allowed. The following is an examiner's statement of reasons for allowance: As argued by the Applicant the prior art delay i.e. item 57 of Lemaguet, teaches a fixed delay based on the throughput of the transcoding leg of the device. The current invention on the other hand monitors the output of the delay buffer via a buffer controller and adjusts the delay accordingly. This limitation was not found in the prior art nor considered obvious by the Examiner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles E Parsons whose telephone number is 703-305-3862. The examiner can normally be reached on M-TH 7AM to 5 PM.
